

Whiteaker Community Council General Meeting 2017.04.12: Elections!

EPD Chief Kerns, Sgt. Salsbury and Lt. Bills spoke to the group about getting police help in the Whiteaker neighborhood, specifically to deal with the meth. dealers.

*They spoke about “self-initiated activity” – officers are encouraged to cruise through the Whiteaker when they are not attending to calls.

*Lack of available police to respond is a tax base issue. The City Manager and his team send information to the Budget Committee which makes a proposal to the City Council. Any money given to one area must be pulled out of another.
